

FOUR MEXICAN BANDITS SLAIN

Zapata Forces Shot Down By Carranzistas When Parleys Fail.

Mexico City, April 12.—Four Zapata generals were slain in the fight in which Emilia Zapata, bandit leader in Morelos state, was killed by Carranzista forces. It was announced here today. Another was captured and summarily executed. The slain generals were Palafox, Zapata's secretary; Amoles, Mejia and Palacios, while Gen. Jaregui, Zapata's chief of staff, was shot after capture.

All doubt as to the identity of Zapata and his leading generals was removed when their bodies were fully identified by several thousand persons when exposed to general view at Gen. Pablo Gonzales' headquarters at Cuatla.

Killed at Meeting.
The death of Zapata was the result of a plan originated by Gonzales and carried out by Col. Guajardo. The latter, with a force of 200 men, opened communication with Zapata. The bandit leader was suspicious and, although he agreed to see Guajardo, refused to permit more than ten men

to accompany the colonel to the bandit's headquarters. During the meeting, it is declared, Zapata seized a rifle and attempted to shoot Guajardo, but the latter was too quick for his opponent and shot the bandit dead with his revolver. The shooting immediately became general and Guajardo's troops rushed in and shot down the bandits without mercy. It is not believed the remaining Zapataists will offer further resistance.

GAVE HIS FORTUNE FOR WAR; WANTS JOB

Linn Hanson Can't Quit Army to Get Work.

Linn F. Hanson, of Wayne, Neb., gained fame and got himself officially congratulated when the war broke out by selling his ranch, giving \$3,800 to the Red Cross, \$1,000 to a church for war work, investing \$10,000 in Liberty bonds and then joining the army. Now he wants to get out to take a position as a manager of a ranch. The War Department today informed Senator Hitchcock, of Nebraska, that Hanson could not be released immediately because he is a single man with no dependents.

Argentina Rejects Agreement.

The Argentine Senate voted down the convention fixed between Argentina, Great Britain, France and Italy, which would have arranged for grants of credit to those countries for purchase of Argentine products, the State Department was advised yesterday.

HONOR PLANNED FOR GEN. MILES

Spanish War Veterans Will Entertain Him at Annual Muster

Gen. Nelson A. Miles Camp, No. 1, Department of the District of Columbia, United Spanish War Veterans, will have as their guest Gen. Nelson A. Miles, after whom the camp is named, at their annual muster, to be held at the Pythian Temple April 15, 1919, at 8 p. m.

On this occasion every member of the order will again swear allegiance to the United States, and an invitation has been extended to the membership of all the camps of United Spanish War Veterans in the District of Columbia to participate, and meet Gen. Miles, who will be the only speaker of the evening, and who enjoys the love and admiration of every soldier who served under him.

Past Commanders-in-Chief John Lewis Smith and D. V. Chisholm; G. E. Rausch, assistant adjutant general; and Chas. J. F. Weber, Department commander of the District of Columbia, have been appointed a committee to escort Gen. Miles to the hall.

VICTORY MEDALS FOR VETERANS

All Service Men to Get U. S. Emblems and Lapel Button.

Plans for an interallied war medal—the "victory medal"—have been completed, after conferences in which all allied countries were represented. Chief of Staff March announced yesterday.

All men who have seen fifteen days or more active service in the United States or abroad will receive the medal.

Medals of all the countries will be similar in design but local artists will work out details. Plans for the United States medal have been submitted to the National Art Society, headed by Charles Dana Gibson.

Rainbow Ribbon.
On its obverse side the "victory medal" will bear a winged victory and on the reverse side, the inscription: "The Great War for Civilization."

The ribbon will be a double rainbow, with the red in the middle.

For battle service a silver clasp, bearing the name of the engagement, will be worn with the medal. For each citation for bravery for

which no specific medal was awarded, a small silver star will be worn on the ribbon.

Issue of the lapel button to be worn on civilian clothes, will be begun, March hopes, by May 1. This button will be a star on a wreath with the letters "U. S." in the center. Men wounded in action will wear a silver button; others a bronze button.

Upon completion both of medals and lapel buttons, they will be issued to men upon discharge. Men already discharged may apply for their medals and buttons to the War Department.

COMPERS HITS AT BOLSHEVIKI

Opposes It in Theory and Facts and Raps Stand-Patters.

New York, April 12.—Declaring the absolute opposition of intelligent, constructive organized labor to Bolshevism, President Samuel Gompers, of the American Federation of Labor, today warned America to be on the alert—to set her own house in order during the coming period of reconstruction.

Speaking, with former President Taft and others, before the National Civic Federation, at a luncheon in honor of the labor mission of the American Federation of Labor, which has returned from the Peace Conference, Gompers paid his respects to Bolshevism—abroad and at home.

"I am absolutely opposed to Bolshevism, either in theory or in fact. In theory it is a mental impossibility; in fact—if put into operation it would mean the decadence and perversion of the civilization of our times. I am unwilling that all the genius of the past be thrown to the winds."

"But," he continued, "it will be well for us to see that our own

house is kept in order. There is another element in our life which needs scrutiny. Bolshevism is not the only danger; the standpatter and profiteer are equally a menace. The industrial autocrat, who thinks he is monarch of all he surveys, is the incentive for hatred and dissatisfaction which breeds trouble."

Both Gompers and Taft, who also spoke, agreed that there was no solution for labor problems. Common sense in dealings between la-

bor and capital and an honest attempt to get along as best they can under existing conditions is all that can be expected.

Employees Petition Dismissed.
The War Labor Board yesterday dismissed the appeal of employees of the Remington Arms Company, Ilion, N. Y., asking for increased minimum wages over those allowed by the War Department.
